

OAKLAND FEATHER RIVER CAMP 2017 Summer Staff Job Opportunities & Info Packet

Thank you for your interest in applying to join the 2017 Oakland Feather River Camp Summer Staff! Operating since 1924 in beautiful Quincy, CA, our mission is to promote and celebrate connections between nature, family and community while creating unique opportunities to advance environmental awareness, cultural diversity, and youth empowerment. Our staff are a critical part to providing positive experiences for our family and youth campers and you have just taken the first step in joining the 2017 team!

Camp is much more than a summer job – it's a platform to have a significant impact on the lives of over 1,000 youth and adults, as well as a lifelong reference point and a springboard for lasting friendships with other staff members. A summer working at camp is the perfect combination between having fun and doing good. We have a responsibility to the campers to ensure they are led by men and women of character and commitment. We hope that's you!

Working at any camp is an intense, but rewarding job and working at O.F.R.C. is no different! Each week, we have over 100 campers on-site that are expecting a fun and safe camp experience. Staff members are responsible for ensuring the safety and wellbeing of the campers and at any point you should be ready and capable of assisting the campers in the event of an emergency. This is a unique and challenging aspect of the job. In order to ensure a successful summer, we ask that our staff are willing and able to put the campers and their coworkers safety and wellbeing first. As with most non-profits, pay is not grand, however you have the ability to save almost everything you make.

The application, which can be found on our website, is very detailed. This is not to confuse or frustrate you, but to make sure a summer position at Oakland Feather River Camp is a good match for both you and the organization. We take our responsibility and commitment to the campers as well as to you, a prospective staff member, very seriously. We want to meet your expectations for this summer and while doing so, provide excellent camp experiences for our campers. The application will give us a frame of reference for your past experiences, the knowledge and skills you possess and can share. Please be open and honest while filling out the application.

Please review the Summer 2017 positions, program dates and frequently asked questions prior to applying. Please do not hesitate to reach out and ask any questions prior to applying or at any time during the application process.

Sincerely,

Mark Olson

SUMMER APPLICANT FREQUENTLY ASKED QUESTIONS

What is a typical day of work like? That depends on the role! Recreation, Office, Maintenance and Kitchen Staff all work hard, but have different schedules and duties. Our website will give a good idea on what our campers experience on a typical day. Feel free to reach out more questions about a typical day in the life of the role you are interested in applying for. But know this, if you like to work hard and make people happy, this job won't even feel like work. You'll be tired at the end of the day, but you'll go to bed feeling fulfilled.

Do I get paid enough? Oh my, no! But if you are doing this for the money, you are in the wrong business. If you are doing this to provide youth and families with a positive, healthy summer recreation experience, then it's priceless. You get paid about a million dollars in children's laughter!

Children's laughter doesn't pay the bills... No, it doesn't. But working at a camp during the summer can help keep your expenses down! You'll be provided meals and housing for the summer. And as long as you don't go on spending sprees in the nearby town of Quincy, you can save a good chunk of your money by working at a camp during the summer.

Do I get time off? Yes. Different roles have different work schedules. For example, some staff in the kitchen start their workday at 6am! Most positions don't start until breakfast (8:30am), but some go until the end of evening programming (~10pm). You may have evenings off or specific hours for time-off during the day if you are working in the evening. You will also get at least one full 24-hour period a week as your designated off day. You can head into town, explore the nearby trails, do laundry or relax on site at camp. Sometimes in between groups or program weeks, all staff will have the same day off.

And I can drink alcohol during my time off, right? If you are 21 and out of camp, you may enjoy adult beverages. But leave it out of camp. Staff of any age may not have alcohol on site at camp and staff found with alcohol or under the influence of drugs or alcohol on camp grounds are subject to immediate dismissal. Staff are expected to be awake, alert and enthusiastic each morning! If you are interested in heading to the bars every night, this is not the job for you.

I don't really like getting dirty and have some high standards of cleanliness. Well, then once again, you may want to reconsider whether employment at OFRC is a good fit. While we have high standards of cleanliness for our facilities, OFRC is a rustic, outdoors-based camp. You're sure to get dirt under your fingernails and you'll probably get a little sweaty during the day. Nothing a quick dip in Spanish Creek or a hot shower can't fix.

What else should I bring? Bedding, clothes, instruments if you play one, and a good sense of humor. Don't worry, we'll send a packing list.

What kind of clothes should I bring? A good rule of thumb – if you'd wear it in front of your grandparents, it's probably OK here. Rugged outdoor clothes that you don't mind getting dirty are the best. Overall, we want to portray a professional appearance and we want the parents and adults to have piece of mind that we will take good care of their children. We still value and appreciate self-expression, but like most jobs we do so within some limits.

Can I bring my dog? He loves the woods! Even the most wonderful of dogs will get grouchy in a new location with wild animals and hundreds of people trying to pet them and chasing them around. Leave the pets at home, where they can live in a carefree and mellow environment.

Can I have friends visit? As long as you follow the visitor policy and get approval first with the higher-ups. But realize this – you are going to meet amazing people at Oakland Feather River Camp. Many will become your closest confidantes. You will never be without friends at camp!
